Nari has sold two houses for me in Richmond within a gap of 10 years. I cannot recommend her highly enough. 10 years ago I was selling my single family home and within a week she had organized an open house that generated several offers. This house was sold in one week. My savings using 1% was substantial. 10 years later I asked Nari once again to sell my town house at a very difficult time (COVID-19). We had 2 viewings within 2 days and had an offer that was my asking price. Each time Nari priced the home perfectly. I again saved a substantial amount using 1%. If I sell again I will certainly use Nari as my agent.

I was acting as an executor for my friend's estate and chose Nari from a web search as I wanted to save money for the children. Turns out we got a lot more than savings! We got excellent service, good advice and a successful outcome.

It doesn't get any better. Kind, thoughtful, helpful, supportive--the list goes on. In some ways, I was sorry when my house sold because I was sorry to say goodbye to these lovely people.
